IN AND OUT.
Before he wed he bragged about
his income so immense;
But now the burden of his shout
is outgo and expense.
—Luke McNamee.

Today is November election day.
The weather is fine and as we go to
press at 10 o'clock over half the vote
of the city has been cast.

Mr. and Mrs. R. K. Hoedrich left for
Florida this morning for a month's visit
with their son, Mr. J. Lynn Hoedrich,
who has an orange grove and a pine-
apple plantation near Elrod.

WOMAN'S SUFFRAGE LEAGUE.

The Mason County Woman Suffrage
League will meet at the Public Library,
Thursday, November 5th, at 10 a. m.,
instead of at 2 p. m., as previously
announced. The change is made on ac-
count of the American Historic Paint-
ings at the Gem Theater at 2 p. m.

IMPORTANT!

Do not fail to hear Miss Margaret
Stahl Thursday night, 8 p. m., at the
High School Auditorium. Her render-
ing of "Strongheart" is most artistic,
and she carries her audience from one
character to another without in the
least confusing them. As Miss Stahl is
considered one of the four really great
readers on the American platform, we
are expecting a full house. Don't for-
get your reserved seat is waiting for
you at Williams' Drug Store. 3-3t

DEATH OF MRS. MARY HORAN

Mrs. Mary Horan, one of Mason
county's oldest and most respected
residents, passed away at her home at
Minerva last night about 7 o'clock.
Mrs. Horan was 81 years of age and
her death was due to the infirmities of
old age. She is survived by two sons,
Thomas of Cincinnati, and William of
Clermont county, Ohio. The funeral
will take place tomorrow morning at
9 o'clock from St. James Church at
Minerva. Burial in Washington Ceme-
tery.

The Board of Education presented
the following communication to Coun-
cil, which same was received:

To the Honorable Mayor and Board of
Council of the City of Maysville:

The Board of Education at its
stated monthly meeting on Friday even-
ing, October 30th, by a unanimous
vote of all members present, passed a
resolution instructing the Secretary to
formally communicate to you the fact
that the Board learns with great
regret of your action in assessing a
license tax upon the public school
teachers of the City of Maysville.

The teachers are the employees of
the city, paid out of the funds of the
city in the same way as are firemen,
police officers, and all other employees.
It therefore seems an act of unjust and
unwarranted discrimination to single
out this one class of city employees
for license tax, when others are ex-
empted. Surely it is not because of
the size of their incomes. Neither can
it be, we think, because they give a
lesser return for the compensation paid
them than do other city employees.

The salaries paid to the public school
teachers in Maysville are certainly not
exorbitant, averaging as they do,
\$433.00 per annum, or at the rate of
\$35.25 per month for the twelve months.
If every employee of the city of Mays-
ville, and every citizen thereof whose
average income is comparable to the
salaries paid teachers, were likewise
required to pay a similar tax, then the
placing of this burden upon the teach-
ers, of the city, would perhaps, be more
justifiable. We think it is safe to as-
sume that no other class of the citizens
and tax payers of the city whose aver-
age income is no more than is that of
the public school teachers, are asked
by this Ordinance to submit to such a
tax.

Every teacher, to be qualified for the
position he or she holds, has been to
the expense of an educational prepara-
tion, which is not necessary in the
case of other city employees. Further
than that, most of the teachers are
under a serious financial handicap in
maintaining their educational qualifica-
tions and supporting those dependent
upon them.

An additional reason, which it may
not be out of place to mention is, that
under the charter of cities of the Fourth
Class, the Board of Education is a
co-ordinate branch of the city govern-
ment. The engagement of teachers and
the fixing of their salaries is by Char-
ter placed in the hands of the Board
of Education. The fixing of a license
upon teachers' salaries, would it seems
be in effect, a reduction of salaries by
your Honorable Body, whereas, such
salaries should be regulated by the
Board of Education.

The Board feels that perhaps this
action was taken without due consid-
eration, and it sincerely hopes that upon
more mature reflection, it will be de-
cided to amend your Ordinance provid-
ing for the same.

Respectfully submitted,
BOARD OF EDUCATION.
By J. H. RICHARDSON, Sec.

City Attorney John M. Calhoun read
an Ordinance for the levy of a special
tax on all business houses and profes-
sions in this city to be in force on
and after January 1st, 1915. The tax
runs from \$10 to \$50 and hits prac-
tically every business in the city. After
the first day of February of each year
everyone who has not paid his or her
tax is subject to a fine of not less than
\$2.50 and not more than \$10 for each
day that he or she keeps in busi-
ness after that date without said
license.

The Ordinance was adopted as read
by a vote of 10 to 2. Rules were sus-
pended and the Ordinance was placed
on its second reading and final passage.
The Ordinance was adopted as twice
read.

A motion was made that the pension
list amounting to \$72, be cleared and
that a new one be formulated.

A statement of the city's indebted-
ness was read by the City Clerk, the

"THE BEST LUMBER I EVER USED".....

are serving this community with the best LUMBER that can be produced. We
are prepared to furnish you in any kind of Lumber or other Building Material.

same having been asked for by Council-
man Crowell at the last regular meeting.

A motion was made that the City
Attorney be authorized to notify the
C. & O. Railroad to regulate their speed
limit in the city of Maysville to con-
form with the Ordinance.

A motion was made that the Chief of
Police notify his deputies to arrest the
engineer or anyone else in charge of a
C. & O. train that blocked the side-
walks or crossings of the city for more
than 10 minutes, as is provided in an
Ordinance.

A motion was made that the printing
of the city be let out by bid from the
three Maysville newspapers from this
time forward.

A motion was made that the Chair-
man of the Ways and Means Com-
mittee be authorized to take up \$8,000
in emergency bonds and as many more
as might be possible with the revenue
now on hand.

Councilman Crowell cautioned the
Council to do everything possible to
curtail expenses. He said that it
would be better to have more lights
and fewer police. He also said that the
Fire Department could do on as few
as three men—that when there was a
fire people could be pressed into ser-
vice at the scene in action. All of Mr.
Crowell's remarks were treated very
lightly and caused only a ripple of mer-
riments both from the Council body and
the large audience present.

Mr. Crowell made a motion that the
salaries of all the city officers be cut
in half beginning January 1st. His
motion lost.

Both Messrs. Harry Walsh and James
Wallace were granted the floor and they
made a protest against the manner
which the tax rate was placed on in-
surance companies.

No further business to be transacted
Council adjourned.

THE HIGH SCHOOL LYCEUM COURSE

The course this year presents a wide
variety of entertainment.
To those musically inclined we have
three of the leading musical attractions
on the Lyceum platform: Madame Scot-
ney, Rihelaffler Company, and the
Schumann Quintette.

Those liking demonstrations in
science and art, will be interested in
Williams, the electrician, and Rose
Crane, the cartoonist and clay modeler.

To those who think there is nothing
that equals a good humorous lecture
Sylvester Long will meet their highest
expectation. While Dr. Evans and Miss
Margaret Stahl will give high class
entertainment in the way of lecture and
impersonation.

POLICE COURT.

Police Judge John L. Whitaker had
another full house yesterday afternoon
and disposed of the following cases:

George Thomas and Ranson Brown
were tried on two charges of grand
larceny and were held over to the
Mason Circuit Court in the sum of
\$300 on both charges. These men are
the ones that stole a gasoline boat and
a number of articles off several other
boats at the river front in the East
End, about a month ago.

Cecil Burden and Hinton Cooper were
fined \$10.50 each on charges of breach
of the peace.

Charles Young and Francis Brewer
were fined \$15.50 each on charges of
drunk and disorderly.

William ("Peg") Hickie and Char-
ence Holmes, plain drunks, were given
\$6.50 each.

Jess Lucas and John Popper, charged
with breach of the peace, were dis-
missed.

COUNTY COURT DAY.

Yesterday was County Court Day
here and quite a large crowd of people
were in town. The trading at the stock
ring on Market street was quite brisk
and a large number of horses, cattle
and other stock exchanged hands.

THINK OF THIS HORRIBLE MESS!

The expenditures of this Congress have been the greatest of any Congress in the history of our country. If we are going to have the luxury of increasing the allowance for practically every branch of the government and creating new officers and boards, increasing salaries, and the record shows that this was done, then naturally we have to pay the bill.

Even Democratic Chairman of the Appropriations Committee in a speech on the floor of Congress, said: "Whenever I think of the horrible mess I shall be called upon to present to the country on behalf of the Democratic Party, I am tempted to quit my place."

He declared that the Democratic Party had "unnecessarily piled up the public expenditures until the Democratic Party is becoming the laughing stock of the country."

This indictment by the Chairman of the Appropriations Committee who has charge of the expenditures of this government is surely sufficient to prove that the appropriations have been extremely extravagant.

I take the position that the taxpayers of this country who pay these bills and who are now groaning under a load of taxes heaped upon them by municipal, county, state and national taxation should not be further taxed.—Hon. Chas. R. Barton, Congressman from Nebraska.

"MADE IN AMERICA"

The "Made in America" movement is fairly launched. It is not a hysterical, sensational idea, but a great educational program which will take time and hard work to establish. Every American should do what he can to push it along, for all will be benefited. It took Europe years to gain the prestige it had when war broke out. It will take us a long time to establish ours. We have the advantage of being the one great country in the world in the position to do it just now. It should be kept in mind that the movement is not directed against any nation, but is in the interest of the United States of America. "The opportunity," as has been said, "is not of our making, yet we would be foolish to ignore it."—Buffalo Commercial.

This is one year when the holl-weevil evades responsibility for damages to cotton interests.—Evening Star, Washington.

WILL EMPEROR WILLIAM CAST THE DIE?

For a hundred years the boundary line between Canada and the United States has been marked by a fort or sentry. It is an imaginary line that calls for no standing army because of fear of invasion of either country by the soldiers of the other. Should Germany gain possession of Canada and the damnable military spirit expressed in "Pan-Germanism" remain dominant, it would be necessary for the United States to maintain an army of a million men and to build forts along that boundary line as a protection against that spirit that has found its only possible expression in the world war now raging. It has been due to the navy of England, not to the navy or to the army of the United States, that the United States has been able to maintain the Monroe Doctrine. When Germany attempted to gain an entrance to Venezuela it was not fear of the navy of the United States, but the action of the English navy that kept that attempt from being successful. Already there are in Argentina six hundred thousand German subjects who German writers claim still give their allegiance to the Fatherland.

Should Germany win in this war, should the navy of England be destroyed and Canada be taken by German as a province it would then be necessary that the United States maintain a navy fully the equal of that which now flies the Union Jack and a standing army that would equal the army of Germany. And should that day come to what Anglo-Saxon people would the American people turn for aid against an Emperor dominated by the spirit of Bernhardi, whose treaty is without value, and who believes that might makes right?—Lexington Herald.

SOMETHING JUST AS GOOD.

Father and son went for a stroll one sweltering day recently. As they passed a vendor of ice cream the boy turned to his father and said lovingly:
 "I wish you'd pay me some ice cream, father. I do feel warm."

 "No, no, Ikey, my pay; but I'll tell you some ghost stories you'll make your blood run cold."

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment, the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

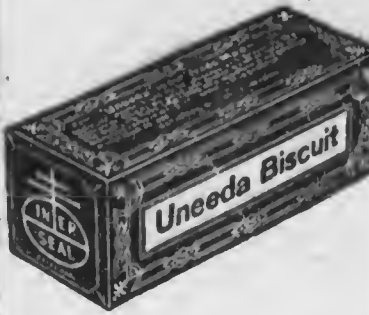

Don's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's convincing statement:

Mrs. Dora Mofford, Maysville, Ky., says: "I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Don's Kidney Pills. I used them and before long I was a great deal better. I was able to sleep well and they improved my health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mrs. Mofford had. Foster-Milburn Co., Props., Buffalo, N. Y.

"LOVE AND OBEY"

Cut It Out, Said The Bride—Groom said "Nothing Doing!"—Wedding Off.

Lawrenceburg, Ind.—The wedding at Miss Frankie N. Smith and Henry J. Sebastian, was stopped a few minutes before Rev. W. S. Rile was to begin the wedding ceremony at the residence of the bride's parents, Mr. and Mrs. Frank K. Smith, wealthy farmers, by Miss Smith refusing to become the bride. She wanted the minister to eliminate the part of the ceremony pertaining to love, cherish and obey until death separates, and the bridegroom refused to have Rev. Rile omit these words and the wedding was indefinitely postponed.

The guests partook of the sumptuous feast prepared and the evening's program was carried out as planned, although there was no wedding.

15,000,000 VOTERS

Don't Vote--More Persons Stay Away From the Polls in U. S. Than Those Who Vote

Thousands Drawing Salaries From Government Ignorant of Ballot

(Cor. Louisville Times.)

Washington.—We all know where the ladies in at least ten States are supposed to be on election day, and where all of them expect to be on the election days of the future. What we don't know is where the jay birds go on Friday, and what becomes of 15,000,000 men on the day that the chief officers of a great popular government are chosen. There is of course a general, if mistaken idea, that they are "at the polls," amid the "rain of ballots," "battering," as at Armageddon, all day long, and never leaving until the day is done and the battle lost or won.

It may, therefore, startle some who never had to delve in the most unpopular, if most interesting of the Government bureaus, and who find no pleasure in figures of the census brand, to learn that at our last general or presidential election 15,000,000 men not only did not spend the day "at the polls," but that of that enormous number—nearly three-fifths of our voting population—not one

was in any election booth anywhere on that day. The figures to prove it are easy enough for a child. The explanation of why it was so, and what it portends is not so easy and will not be attempted here.

Census Bureau Record

In 1910 there were of record in the Census Bureau, with their names and addresses given, 26,999,151 adult male residents of the United States. In July of 1912 these had increased in number to 28,164,142. At the following November election, the sum of all those who followed Woodrow Wilson to victory, of all those who lost all but honor in their devotion to William Howard Taft, and of all those who went off after some very strange gods, totaled 14,700,420. Thus the total male vote out of 28,164,142 was 14,700,420, less the 800,000 women who voted in that election in Wyoming, Idaho, Utah, Colorado, California and Washington. In other words 13,900,000 out of 28,000,000 voted, and 15,000,000 voluntarily refrained from exercising a franchise they would die before surrendering, and to secure which many good women have sacrificed their lives or what should be dearer.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE ORIGINAL OPTIMIST

Robinson Crusoe was the Original Optimist. Times looked bad for Robinson—couldn't have looked worse. But he didn't say "What's the Use?" didn't lie down, whimper, kick, and growl at destiny. No; Crusoe used his head; he thought—then he thought some more—real serious line of thinking. Just what it was the puzzle Crusoe was solving. Finally it came to him in a flash—"I have it," said Robinson—"I'll advertise."

A thousand miles from no where—a possible buyer coming within reaching distance of his ad every few years—that was Robinson's outlook. It was hard times—business depression, a stringent money market—also what Sherman said about war.

But Crusoe, as before mentioned, was an Optimist, also a believer in persistent advertising. He wanted a ship—how would he get it? Answer—"Advertise." And he did—hung a shirt from the top of a pole.

The first advertisement brought no return. But Crusoe wasn't discouraged. He changed the "copy"—put up another shirt. Yes, times were hard—awful, hard; but Crusoe won out—he got his ship—and he did it by persistent advertising.

Crusoe was the original Optimist. Burroughs Sales Bulletin.

FRIDAY IS ARBOR DAY IN KENTUCKY.

Governor McCreary has issued a proclamation designating November 6 as Arbor Day and calling upon teachers and pupils in colleges and common schools to observe the day by planting trees and appropriate exercises and the people generally are urged to take more than usual interest in forestry work. Bulletins are being sent out to the schools urging observance of the day.

You Make Friends By Recommending a Reliable Kidney Medicine

Your representative called at my door yesterday meaning to leave a sample of your noted Swamp-Root and I am certainly pleased to see anybody connected with the firm who makes a medicine which has done so much for me and my family. A few years ago I was suffering from a terrible pain in my back and when I was up around the house I had to walk with my body bent nearly double. If you had placed a thousand dollars above my head I could not straighten up to get it.

Hearing of Dr. Kilmer's Swamp-Root I sent to you for a sample bottle and from the effects of that small amount I was sure it would help me so I bought one bottle and it has cured me.

Shortly after that my husband who was a coal miner, was suffering from kidney trouble and could not work and I sent for some of Dr. Kilmer's Swamp-Root. He was in a terrible condition, but as the doctors had not given me any relief, I had more faith in Swamp-Root, and it was well founded, for it did the work and after taking a few bottles he was completely cured.

I daily recommend the use of Swamp-Root to my friends and neighbors.

Sincerely yours, MRS. JOHN NORDQVIST, Galesburg, Penna.

Sworn and subscribed to before me this 14th day of May, 1912.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

I desire to call attention to a comparison of October, 1914, with October, 1913. We usually see things clearer in the light of a comparison. October, 1914, the enrollment was 1017, average attendance 930, 84 visits made by the teachers; October, 1913, 1010 enrollment, average attendance 912, 54 visits made by the teachers. October, 1914, shows a loss of 14 in the Sixth Ward, 8 in the Colored High School, 35 in the First District. The loss in the First District is due to the moving of the Seventh grade to the High School building, but the Sixth Ward's loss is due simply to the fact that there were not so many children in the first four grades. The High School shows a gain of 12 in the High School department, 16 in the grades, and Forest Avenue a gain of 35. The gain in the Forest Avenue school is due mainly to the fact that the Eighth Grade was located there this year. We are pleased to call attention to the increased number of visits made to the homes by the teachers. We are trying to make our teachers feel that the most effective teaching can be done after thorough understanding between parent and teacher. There sometimes nothing is gained by the visit, but as a rule it leads to a more harmonious adjustment of the discipline causing the hindrance.

The Forest Avenue School has just installed its new piano, one half of which is to be paid by the Parent Teacher Association, and the other half from the Lyceum Fund. During a visit to that building, attention was called to the fact that the Principal and teachers were desirous of having the little room furnished, or a teachers' waiting room and rest-room for visitors, so, on Saturday morning, Mr. J. B. Russell donated \$40, that being the necessary sum designated by the Principal. With the new piano and rest room furnished, together with the other improvements that were made during the summer, it makes perhaps that building the most ideal school building in the city.

The Domestic Science Department continues to be the most popular department of the school. We desire to call attention to the fact that this was installed through money made from our Lyceum Course and from entertainments, and just at this time we are having more difficulty than we should have in disposing of our season tickets. We certainly appreciate any person who is in sympathy with what we are trying to do and who wants to educate the taste of the growing generation to high-class entertainment, if they would get their tickets at once, as our first number comes Thursday night.

The Forest Avenue School has just installed its new piano, one half of which is to be paid by the Parent Teacher Association, and the other half from the Lyceum Fund. During a visit to that building, attention was called to the fact that the Principal and teachers were desirous of having the little room furnished, or a teachers' waiting room and rest-room for visitors, so, on Saturday morning, Mr. J. B. Russell donated \$40, that being the necessary sum designated by the Principal. With the new piano and rest room furnished, together with the other improvements that were made during the summer, it makes perhaps that building the most ideal school building in the city.

The Domestic Science Department continues to be the most popular department of the school. We desire to call attention to the fact that this was installed through money made from our Lyceum Course and from entertainments, and just at this time we are having more difficulty than we should have in disposing of our season tickets. We certainly appreciate any person who is in sympathy with what we are trying to do and who wants to educate the taste of the growing generation to high-class entertainment, if they would get their tickets at once, as our first number comes Thursday night.

Teachers: October, 1913, 1010 enrollment, average attendance 912, 54 visits made by the teachers. October, 1914, shows a loss of 14 in the Sixth Ward, 8 in the Colored High School, 35 in the First District. The loss in the First District is due to the moving of the Seventh grade to the High School building, but the Sixth Ward's loss is due simply to the fact that there were not so many children in the first four grades. The High School shows a gain of 12 in the High School department, 16 in the grades, and Forest Avenue a gain of 35. The gain in the Forest Avenue school is due mainly to the fact that the Eighth Grade was located there this year. We are pleased to call attention to the increased number of visits made to the homes by the teachers. We are trying to make our teachers feel that the most effective teaching can be done after thorough understanding between parent and teacher. There sometimes nothing is gained by the visit, but as a rule it leads to a more harmonious adjustment of the discipline causing the hindrance.

MASON COUNTY COURT.

Yesterday in the Mason County Court a paper bearing date of March 18th, 1891, and purporting to be the last will and testament of William W. Hall, deceased, was produced in court and filed. The handwriting and signature of said paper were fully proven by the testimony of George F. Barbour and R. K. Hoeflich, and the signatures of three deceased witnesses to the will, viz: Ben. H. Parry, C. H. Parry and R. G. Parry, were fully proven by the testimony of George F. Barbour, R. K. Hoeflich and E. L. Worthington, and said paper was admitted to probate and ordered to be recorded.

The "Wet" and "Dry" election contest case which was to have occupied the attention of the court was held over until next Monday, as the "Wets" were not ready for trial, and asked for further time.
